THE MAPLE

In Los Angeles, Baldwin Hill Reservoir cracked, then broke releasing a torrent which wrecked hundreds of evacuated homes, but produced few casualties.

Sandy Koufax won two as the Los Angeles Dodgers beat the Yankees four straight for the world championship. At year's end, Koufax was named the league's Most Valuable Player. Right: James Whittaker of Redmond, Washington, became the first American to reach the top of Mt. Everest.

Quints were born in Aberdeen, S. D., and in Venezuela in the same week. Here two of the American quintts pose for pictures before going home.

Lyndon B. Johnson of Texas took office immediately following President Kennedy's death and affirmed his intention of continuing the foreign and domestic policies of his predecessor.

Leaking gas exploded during the finale of an ice show in Indianapolis, killing 68 and injuring many others.

Ransomed for \$240,000, Frank Sinatra, Jr. returned home safely two days after being kidnaped and posed with his sister Tina, left, and his mother, Mrs. Nancy Sinatra.

National Events

Accused slayer of President Kennedy, Lee Oswald, was shot fatally before national TV audience. Right: Mrs. Jacqueline Kennedy, Caroline and John, Jr. leave Washington for Christmas in Florida.

With the assassination of John F. Kennedy of Massachusetts, youngest president in U.S. history, the country lost a highly-regarded and remarkably capable statesman and administrator.

President DeGaulle of France, saluting, stands with German Chancellor Erhard, right, and President Lübke, as some heads of state gathered in tribute to the late President Kennedy.

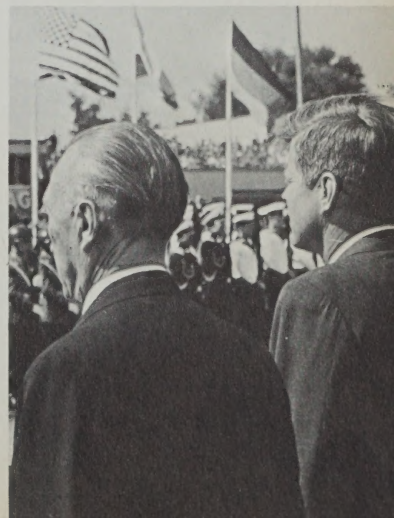

President Kennedy, and soon-to-be-retired, German Chancellor Adenauer met in Bonn during Kennedy's successful ten-day tour of Western Europe.

President Kennedy and then Vice-President Johnson (second from right) met with leaders of the August "March on Washington" dramatizing the nation's leading domestic issue in 1963.

Major Gordon Cooper received the Distinguished Service Medal from President Kennedy at the White House in May, following Cooper's 22 orbit flight and manually controlled re-entry.

SPRING

Spring, with that nameless pathos in
the air
Which dwells with all things fair,
Spring, with her golden suns and silver
rain,
Is with us once again.

Henry Timrod

Dedication

The yearbook this year is being dedicated to two wonderful men named Everett. Both of these gentlemen have served Essex Aggie for many years with unfailing devotion and faithful service. More than this, however, they have both been "real friends" to the many students with whom they have come in contact.

Everett Lee retired last spring after serving as head of the automotive department for over twenty years. Ill health forced his early retirement but, fortunately, he has improved a great deal since this time. His frequent visits to the school are enjoyed by both teacher and student alike.

Everett "Pop" Carr for many years the beloved janitor of our main building anticipates retiring this spring. During his many years at the school "Pop" has become a legend with the student body. The practical form of guidance he gives the boys cannot be replaced; his ability to reach even the most difficult students has long been held in esteem by both faculty and administration.

Good luck to both our Everetts in their new roles -- may their retirements be filled with pleasure for they certainly deserve it.

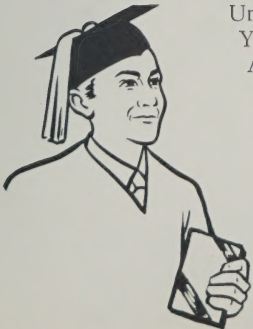

FACULTY

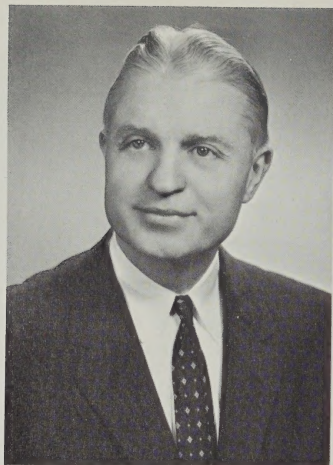

1st ROW L. to R. -- Messieurs Meuse, Chase, Auclair, White, Gallant, Clark, Metcalf, Kelly, 2nd ROW: Fitzpatrick, Fletcher, Manning, Bennett, Scanlon, Couhig, Brown, Kester, 3rd ROW: Costa, Eastwood, Ranta, Muldoon, Kramer, Lake, Goodno, Powell.

TRIBUTE

To us -- you gave the keenness of your mind --
 The ardor of your spirit's searching way.
 Through you -- our faltering hearts learned to find
 A world of wonder in each passing day.
 You gave us humor -- in the midst of strife --
 Unveiled new beauty rarely seen before.
 You helped us face reality in life,
 As we emerged from sheltered youth's last door.
 To you -- we owe commitment of ideals --
 A love for work -- for leisure and philosophy.
 You cleared away the poverty that steals
 The wealth of learning's immortality.
 How close -- you've drawn our class through all the years,
 Because you gave us light -- to challenge fears.

SENIOR FLASHBACKS

AROUND THE CAMPUS

ACTIVITIES

CLASS WILL

We, the CLASS OF 1964, do hereby bequeath the following gifts that we feel will both improve and add to the underclassmen's physical and mental capabilities.

I, Dennis Coffey, leave my ability to drop a pass that is right in my arms to Frank Zysk.

Mike Todd leaves this school in search of his future in agriculture?

Peter Saunders bequeaths George Tupper his old and used guitar strings.

Al Cossar is the proud receiver of Rick Hartung's ability to crack up on the way to school.

I, Steve Calef, leave my diaper to the youngest in the Junior Class.

Gary Hunt leaves to his brother Glen all the abilities and charm he has learned from Miss Hartman.

To Joe White, Guy Darisse leaves a seat in the rear of the school bus, and to whomever wants it, a well-worn climbing rope.

David and Evans leave their ability to get along with Mr. White to Glen Hunt and John Coughlin.

I, David Nappi, leave to Terry Kennedy 5 empty bottles of -- and my time of day in Mr. Goodno's room.

Frank Mikulis warns his brother and any small car enthusiast to invest in a larger model for more enjoyment.

I, David Smith, leave my ability to get stopped 28 times for speeding to anyone who dares to go 110 m.p.h.

To Don Bridges, Dick Nordstrom leaves his ability to talk a lot.

An ability to grow long hair is left to Steve Sheridan from Dana (Hairy) Russell.

Al Pothier and Kev Johnston leave their seats at the Hyland Diner for 7th periods only, to any deserving underclassmen.

John Cooper leaves his animated eyebrows to Chris Gredler.

To Baldi, Roby leaves his new-found ability to go slow, because he doesn't want it.

Don Howe and Tom Flanagan are left the ability to get along with Mr. Costa by Ronnie Curtis.

Jerry Finn, Yann Kaloustian, and Dick Newton leave their abilities for getting along with Mr. White to Steve Sheridan, Kearn, and Bobby Soluski.

I, David Cuscuna, leave my ability to figure out girl problems to Phil Debuque.

Bill Roblee leaves his brother Wayne to Mr. Powell.

Chucky Homan leaves his ability to use an ax carefully and to wear white pants while working in the woods to Bill Johnson.

Another ax man, Clay Parsons, leaves his ability to make six toes out of five to any forestry student.

Ronnie Athanas leaves Mr. Potter all his troubles.

I, Lee Sanford, leave a flock of sheep to any deserving underclassman who likes to lose money.

I, Brian O'Loughlin, leave the remains of the red-hot Renault to any crazy kid with a lot of money.

Paul Provencher leaves his fruit judging experience to James Ankatell.

I, Wayne Orcutt, do hereby leave my ability to throw speed shifts to Frank (Clutch) Kramer.

I, Thomas Balboni, leave 1 qt. of S.A.E. 10-30 City Service oil to Mr. Costa. The ability to pick up cheap cars is left to George Garrity by Steve Holmes.

I, John Porier, do hereby leave to Kendall Peterson my little black book full of the nearest loan agencies and my undefying strength to the freshman Kearn.

Bob Albach leaves to Allan Cossar the ability to speed to and from school without getting caught.

Bill Lindeman leaves his ability to get into trouble to some poor, miserable, undeserving underclassman.

I, J. Allan Lambert leave to Skip Peterson my plaid scarf and my ability to get away with raising _____ in class.

Doug Fay leaves all Chrysler products to Mr. Costa, because he seems to think they are classified as a car.

I, Allan Downey, leave to John Coughlin my outstanding ability to get caught and suspended for smoking.

Roy Ward leaves to any underclassman, his Buick, the best on the campus?

And, last, but not least, Chuck Miller leaves quietly.

Dear Underclassmen;

Don't be a fool. Study while you can, because later it will be too late. When you become a senior, you can't learn in one year that which usually takes four. You have the greatest opportunity you'll ever have in your life while in high school. You will have to decide on your future, and the Aggie will give you a great background.

When you're in school, study, don't look for a good time because it isn't here. Don't give the teachers a hard time; you may need their help some day. Don't be the guy that is always in the middle of everything unless it's a class where you can learn something. The one thing people can't take from you is your knowledge.

Your summer project should be used for two reasons. The first -- to learn your major course right on the job, and this is the best way to learn. The second -- save the money you earn, because when it comes time to go to college, you will be all set and have no money problems. This is a great setup for anyone.

The best feeling in the world is when you're interviewed for a job and you can tell the employer how much a week or even a year you think you are worth. The only way you can do this is to have (1) a piece of paper that says "diploma" and (2) a college degree; the only way to get these is to study and study hard.

Yours truly,
Chuck Homan

CLASS PROPHECY

Ten years ago today was the "Big Day" in the life of the class of "64." Yes! We graduated with a miracle. Wait, now, until you see what they have been doing.

Tom Balboni is the new County Forester. The problem of keeping trees and rural expansion has been solved with tree houses.

Tom Carrien is a poultry inspector with O'Laughlin providing the needed transportation in a egg beater type of Renault. What an advertisement!

Dave Smith is racing a "409" during the summer and rebuilding the engine during the winter. We told him they wouldn't stay together.

Dave Cuscuna finally gave up wearing those needle-nose shoes with cleats. He broke his leg and now is selling magnetic shoes.

Dick Newton owns the John-Deere Tractor Company. Al Pothier is the engine designer with Wayne Orcult installing the engines with deisel fuel convertors. What a multimillion business debt they ought to be in.

Richard Hartung is the manager of the Edgewood Farm specializing in grass cutting and fertilizing. We knew he had a green thumb.

Bill Lindeman owns a broiler processing plant for himself, no wonder cooked chickens get up and walk away from the table nowadays.

George Miller makes his own rings and repairs rings. You better watch out for that fake gold on your ring, because in the rear of his store he's got a Fort Knox from the real stuff.

Richard David and Evans are professional locksmiths now. They studied under a F.B.I. program, which enables them to open locks in five hours.

Chuck Homan is doing all right. He's got a clubhouse down on Malibu Beach in California.

Dick Nordstrom was last seen at the Aggie library, he's been trying to finish reading all the encyclopedias there.

Poirier is trying to win the heavyweight bout with Ronnie Curtis as his manager.

Pete Saunders has his own ideas of traveling around the world on a motorcycle. Wait until he tries to ride over the ocean.

Bill Robblee married his boss's daughter and is the proud owner of Essex Flower Shop in Salem.

Don Townley and Paul Provencher took over Walter Wojna's place in the fruit department, because poor Walt went bankrupt from taking Mr. Kelly's advice on the stock market and credit unions.

Bill Roberts, Finn and Johnston are in competition to take over farm shop foremanship. Maybe it's a good thing we don't have a longer shop program.

Dana Russell is a way out kid. The last we heard, he was out in a space ship exploring the outer limits.

The new manager of the Boston Celtics, is Ronnie Athanas; they haven't won a game in the past five years. Keep trying Ron!

Dennis Coffey is working for the Federal Income Tax Bureau. He's the mathematician; no wonder we all received more than what we filed for last year.

John Sullivan and Ken Silvey are experimenting with orchids grafted to petunias and pansies. Some help two years of college were.

Steve Calef is an ambitious tree expert with a large number of tree climbers, including his wife who is the main attraction in the trees.

Lee Sanford is the production manager for Butcher Boy Meat Market, specializing in lamb chops.

Al Lambert is in the swing with things, he's the new gymnastics instructor back at the Aggie, showing how to fly on the rings.

John Cooper is teaching ornamental horticulture at Stockbridge. On the side, he's manufacturing pens and pencils to make up for the ones he lent out at Aggie.

Doug Fay and Bob Albach are chief mechanics at the Army motor pool, let's hope we don't have to drive one of those vehicles.

Dave Nappi finally made that position of golf course greens' keeper. It's less nerve racking than the Boston Patriot's position of quarterback he held once.

Gary Hunt and Al Downey just finished college. Now they are really a pair of mad scientists.

Guy Darisse is a avid photographer for Life magazine. He's been banned in most places for the way he gets a candid shot.

Roy Ward is a Buick enthusiast planting starter bombs in Fords and Chevies. One of these days he's going to be police chief of Saugus. Can you imagine a thing like that?

Yann Kaloustian has become instructor at the poultry building. From there he can keep an eye on the chicks in the building across the street.

Steve Holmes is doing a booming business selling run-down cars to Aggie boys who need some sort of transportation.

George Drake is racing motorcycles in New Hampshire. We heard he is a State Trooper, head of the traffic division.

Clay Parsons has a thriving enterprise doing abstract designs as a landscape architect. With all the money he soaked people for, he owns a large shack in Florida.

Donald Robinson finally received that so-called fast going Ford he always wanted. He gets it pushed to race track and stalls out after the first of ten laps.

Mike Todd just got a job working for the U.S. Department of Education. He's paved the way for shorter schooldays and longer vacations. Yea, Mike!

John Medwid bought a horse farm last year, and is making a lot of money renting out horses to Royal Canadian Mounted Police.

Frank Mikulis is now the Forest Ranger in the biggest Banana Plantation in the world. Without him we would have banana friters.

I hope my classmates will realize that the things I have said were all in fun. Whatever their goal, we can be sure they will achieve the ultimate of the best.

Sincerely,
Francis Mikulis

SPORTS

During the 1963-1964 seasons the athletic teams increased in number if not in victories. The addition of Wrestling and Gymnastic teams gave many students an opportunity to compete in varsity sports. The Hockey team also was activated and played several games with local schools.

The Cross Country team under new coach Mr. Kramer was successful in winning about half its meets; and Coach Potter's basketball forces defeated Lynn Trade, Manchester, St. Anne's, and Georgetown.

Football was once again a disappointment as far as victories were concerned. Once champions of the league in six man football, the Aggies were unable to compete with the larger squads which represented most of their rivals.

Individual performances include such feats as Paul Lynch's 22 out of 25 foul shots to win this contest at the All-Star game, in which Ronnie Athanas was a competitor; and Jim Arathuzik's ranking 5th in the entire Cape Ann Basketball League in scoring. Dan Barry and Athanas received honorable mentions in the Salem News All-Star selections in football.

Good luck to our retiring Athletic Director, Mr. Couhig.

F.F.A. Winners 1963-1964

This year at the University of Massachusetts the Parliamentary Procedure Team won the state-wide contests; the team was made up of the following students: Kevin Keenan, John Sandlin, Dave Smith, Pat Gove, Roger Cote, Steve Calef, and John Coughlin; Mr. Metcalf served as the advisor.

Kevin Keenan was selected as the winner of the Public Speaking Contest and Richard Hellard won the Science Exhibit at the same state competitions.

The Plant Judging Team: finished fourth in the plant judging identification contest at Arnold Arboretum. Czarnecki, Sullivan, & Cooper made up this team.

The fruit Team of Paul Provencher, John Shimanoski, and James Anketel placed second in State contests for the year.

John Shimanoski won first place as an individual in this contest by gathering 1472 out of a possible 1500 points.

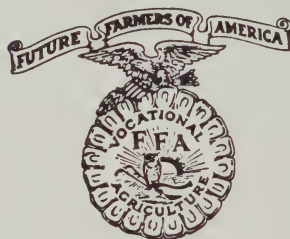

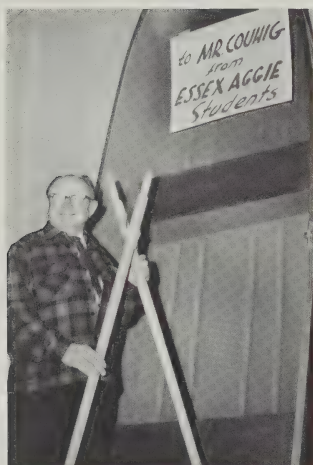

The Dairy Cattle team of Albach, Todd, and Newton; and the Livestock team of Devlin, Wagner, and Greadler finished third in state contests.

Robert Albach placed second in the state in the cattle contest.

Once again, we wish to express our thanks to Mr. Ellery Metcalf, our advisor, who has spent 32 years in this capacity. He has a record of 46 years at the school and was the original founder of our F.F.A. program.

PARLIAMENTARIANS

To Mr. Couhig who has been for over 35 years our F.F.A. athletics and recreation advisor, we wish to extend our sincere thanks upon his retirement. He will be missed by our organization, but we extend to him our best hope for happiness in the future.

Above: A short step toward disarmament was taken with cautious optimism with the signing of the limited nuclear test ban treaty in Moscow. Seated: Sec. of State Dean Rusk, Andrei Gromyko, Lord Home. Premier Khrushchev stands behind Lord Home next to U.N. Secretary General U Thant, Adlai Stevenson and

U. S. Congressional leaders. Right photo: Red Chinese-Russian relations worsened during the year as they battled for leadership of world communism. This Moscow meeting between Mikhail Suslov, left, and Teng Hsiao-Peng in August failed to produce accord.

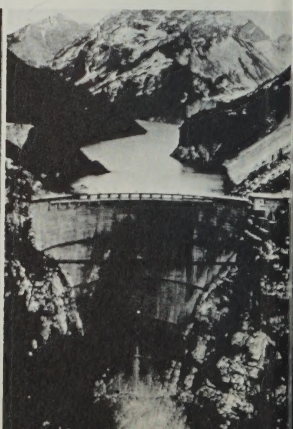

An unidentified priest went to the aid of a wounded soldier during a revolt in Venezuela. For this picture Hector Rondon won the 1963 Pulitzer Prize for news photography.

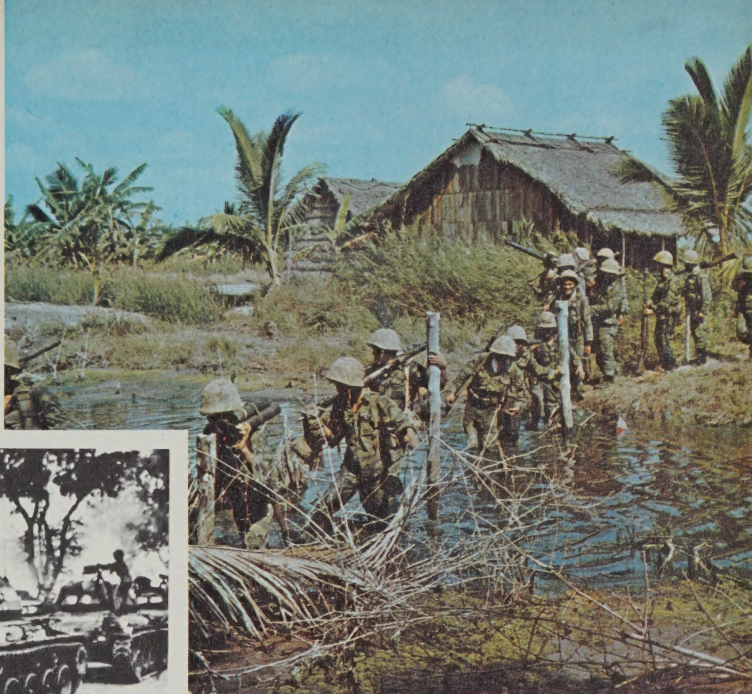

World Events in Review—1963

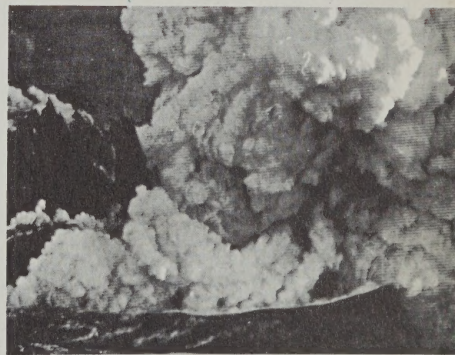

Pope Paul VI began his reign after the death of Pope John XXIII. Pope Paul reconvened the Ecumenical Council and at year's end planned an unprecedented journey to the Holy Land.

Left, below: Dr. Helge Ingstad, veteran Norwegian explorer found remains of a 9-house Viking settlement in Newfoundland dating 500 years before Columbus. Right: A huge landslide into Vaiont Reservoir in northern Italy sent a wall of water into the valley below destroying Longarone and killing some 3,000 people.

Above: Vietnamese tanks assaulted President Dien's palace during successful November coup which resulted in Diem's death. Meanwhile, (color) U.S. advisers continued working with Vietnamese troops in inconclusive fighting against Communist Viet Cong guerillas supplied from North Viet Nam.

A new island, 1/4 mile long and 130 feet high, was born off southern Iceland from an underwater volcano.

Britain's new prime minister, Sir Alec Douglas-Home, took office in November, after scandals shook Harold Macmillan's government.

East-West tension continued: left; Gen. Chong of North Korea levels a pistol at U.N. spokesmen during discussions of armistice-violating raids at Panmunjom. Right; Russian attempts to control Allied access to Berlin failed in the face of western unity. This American convoy had been delayed 42 hours en route to the city.
